DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9/10/04 has been entered.

2. Claim 30 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claim 36, directed to the species of non-elected invention no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim. In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney on 11/12/04.

The application has been amended as follows:

Claim 30 has been canceled.

In claim 31, lines 4-5, "wherein said on-direction stop ... said container," has been deleted.

In claim 36, lines 3-5, "wherein said on-direction stop ... container neck," has been deleted.

4. The following is an examiner's statement of reasons for allowance: Claims 1-3, 9, 30, 31, 36 and 41 are allowed because the prior art of record does not disclose a threaded closure-container package comprising at least one on-direction stop mechanism which includes a lug depending from a top wall of the closure and extending inwardly from a skirt of the closure, said lug engaging a face disposed in an upper portion of a neck of the container; and a child resistance mechanism (at least one closure lug depending from a lower peripheral edge of the closure operably engaging at least one child resistance lug extending from the container).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to LIEN TM NGO whose telephone number is 703-305-0294. The examiner can normally be reached on Monday through Friday from 8:30 AM -6:00 PM.
